### Membership Has Privileges

If you are a current or past member of CIE, you know what this is about: A good time for the CIE families, with friends from the entire CIE Community, past, present and future! We have served the community for the entire year, and this night is for us to relax and celebrate!

### Connecting the Present with the Past and Future

CIE/USA is an organization with 93 years of history. The DFW Chapter just celebrated its 20<sup>th</sup> anniversary in 2009. The CIE Night is an opportunity for us to refresh our identity, share our vision and our mission, and to continue a brightly-led path forward.

### Good food, good company, bright light, beautiful music

We are kicking –off the 21<sup>st</sup> year of CIE/USA – DFW, paving the road for the next 20 years to come! CIE needs fresh voices and young blood to stay energetic and vibrant. If you have been curious about CIE, your journey should start with the **CIE Night!**
